Services of a Costumed Tour Guide

Christmas As We Remember: Join the Guernsey County Historical Museum during the holidays as they share "Christmas as we remember." Each of the 16 rooms in this 1823 historic home are decorated with memories from 1890-1960. Shed tears of joy in the military room as a soldier comes home for the holidays. Take in the smells and sounds of mama's kitchen. Step back in time with toys from your childhood. Walk through the women's department of the old Davis Department Store and view 80 Nutcrackers on display along with 150 Santa's. It will truly be a feast for the eyes and senses.

Meet Me At The Well: Experience the Living Word Outdoor Drama as a costumed guide takes your group on a journey through the history of the only outdoor Passion play in the state of Ohio. Learn the significance and history of each accurately recreated set piece, including the Sanhedrin, the Via Dolorosa, and the tomb. Hear how the Living Word presents their interpretation of the Passion along with interesting facts such as the origin of the phrase "the eye of the needle." The entire presentation takes place in front of a large photo representation of the beautiful 400 foot panoramic permanent set. Your group will feel as if they were sitting in the amphitheater!
